Student Comments:

- amazing teacher! favorite I've had at concordia!
- I just want to point out something about the TA's feedbacks. I believe that the feedbacks I received was insufficient. For the paper assignment, I had one specific small comment in my text and one general sentence at the end of my text. I believe for the time and efforts I put into this text I should deserve more specific feedbacks such as where he felt my argument was weak, or where I was missing stronger evidences. Maybe in the future, the professor should provide a rubric table where the TA could use and could give specific examples of what he meant about his correction. Because right now, I feel that the feedbacks I received won't help me to improve myself. Just want to add that I am not questioning my grade, I just wish I would have proper feedbacks and be able to improve, which is, in my opinion, the purpose of feedbacks.
- The teacher was amazing. One of my favourite teachers. He makes you work, but you learn a lot.
- Amazing teacher. Incredibly committed to his students. Very engaging and wants everyone to do well
